ZIP CODE

- A. Lincoln University (hereafter called "the University") is a private, nonprofit educational institution. All instructions will be held in the main campus at 401 15th Street, Oakland, CA 94612, and two, additional facilities within the vicinity of the main campus at 1446 Franklin Street and 420 15th Street.
- B. This agreement is a legally binding instrument when signed by the student and accepted by the University. Your signature on this agreement acknowledges that you have been provided with reasonable time to read and understand it and that you have been given: (a) a written statement of the refund policy including examples of how it applies, (b) a catalog including a description of courses, educational services, and other materials and facts concerning the University and the program which are likely to influence your decision to enroll. Immediately upon signing this agreement, you will be given a copy of it to retain.
- C. This agreement is for the Bachelor of Science in Diagnostic Imaging (B.S. in D.I.) degree program.

CONCENTRATION: ☐ SONOGRAPHY
☐ ECHOCARDIOGRAPHY

Students must successfully complete **122 units** of required coursework, as described in the University's official catalog, in order to complete the B.S. degree program.

In the spring and fall semesters, full-time undergraduate students are required to register for 12 units.

Start Date: _____ 08/19/2026 _____ Scheduled Completion Date: _____ 05/17/2031 _____

Period of Agreement: _____ 5 Years _____

- D. The estimated time for degree completion (ETDC) for a full-time student to complete the B.S. program at Lincoln University is five (5) years.

If there are transfer units applicable, the ETDC will be calculated as the following formula.

For the B.S. program (as a full-time student):

ETDC (in semesters) = 10 – (the number of transferred credit units) / 12

A total of _____ units of credit are transferable, and the full-time ETDC is _____ years.

E. NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS AT OUR INSTITUTION

The transferability of credits students earn at Lincoln University is at the complete discretion of the institution to which you may seek to transfer. Acceptance of the degree or certificate students earn in the B.S. degree program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or certificates that students earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some, or all of their course works at that institution. For this reason, the students should ensure that their attendance at this institution meets their educational goals. This may include contacting an institution to which you may seek to transfer after attending Lincoln University to determine if your credits or certificate will transfer.

The University does not imply, promise, or guarantee that any credit earned at the University will be transferable or accepted by any other institution. Students are advised that a decision on the transfer of credit is at the discretion of the receiving institution.

F. WITHDRAWAL FROM THE UNIVERSITY

Students who wish to withdraw after registration should submit a withdrawal form to the Admissions and Records Office. Students, who withdraw without permission, or after the final withdrawal date as indicated in the academic calendar, will receive a permanent "NC" (No Credit) in each course dropped. All foreign students withdrawing from the university will be reported to the United States Department of Homeland Security. Refunds to students withdrawing from courses will be made in accordance with the refund policy stated below (H).

G. STUDENT'S RIGHT TO CANCEL

Students have the right to cancel this enrollment agreement until 09/08/2026 and obtain a refund of charges paid through attendance at the first class session or the seventh day after enrollment, whichever is later. The University will retain a non-refundable application fee of \$95 in addition to other non-refundable fees, as applicable, and will calculate refunds in accordance with the refund policy below (H).

H. REFUND POLICY

Students who withdraw from a course or a program before 75% of a term is completed may be eligible to receive refunds for a part of the tuition. To cancel a registration or enrollment agreement and obtain a refund, students should submit a Withdrawal Form and/or Notice of Cancellation Form to the Admissions and Records Office. Only when the completed withdrawal form has been submitted, the withdrawal become official. Students, who simply absent themselves from classes without filing the withdrawal form, may receive a failing grade (F) or other appropriate non-credit grades or symbols. The effective date to determine a refund of fees will be based on and calculated from the last day of attending classes. This determination is based on the instructor's attendance form. A student granted a leave of absence is refunded in the same way as withdrawn from the University. If the student drops out without officially withdrawing, the University will designate the student's withdrawal date at the end of the enrollment period for which the student has been charged, at the end of the current academic year, or the end of the educational program, whichever is earliest. The University may accept medical or legal records in lieu of timely withdrawal paperwork in determining an earlier withdrawal date, as established on a case-by-case basis. There are no monetary refunds for LU scholarships, waivers, or discounts.

Refunds are made within 30 days of official withdrawal, or 30 days of the date of the last day of attendance as reflected in the instructor's attendance records, or the end of the term in which the withdrawal occurred, whichever is sooner. The refund distribution will be handled as prescribed by federal and state laws and accrediting body regulations. The refund procedure is uniformly applied to all students regardless of the form of tuition payment. In case of conflicting laws and/or regulations, Federal and/or State regulations will take precedence in that order. Students may receive refund checks only if the refund amount exceeds

the balance, he/she owes to the University. The formulas for refunds are as follows:

Students who cancel the registration and withdraw from the University before the first course session or the seventh day after enrollment, whichever is later are eligible for a full refund of the term charges.

$\text{All Term Charges} = \text{Refund Amount}$
--

Students who withdraw from the University after the second-course session or the fourteenth day after the classes begin, whichever is later but before completion of 75% of the term are entitled to a refund on a prorated basis.

$\text{Tuition} \times (\text{Hours Left to be Completed} / \text{Total Term Hours}) = \text{Refund Amount}$
--

In case of program changes, students who dropped or withdrew some course units must be compared to added course units to determine if a refund is due. If due, the refund amount would then be determined on a prorated basis.

$(\text{Net Change of Program}) \times (\text{Hours Left to be Completed} / \text{Total Term Hours}) = \text{Refund Amount}$
--

If the University cancels or discontinues a course, students will receive a full refund of all tuition and applicable fees for that course. Refunds will be paid within 30 days from the date of cancellation. Students whose checks are returned due to insufficient funds or whose credit card payments failed are subject to cancellation of their registration and the Returned Payment Fee per transaction.

Example 1: Student A.A. was a full-time undergraduate student. He had paid only regular tuition and fees and had registered for 12 units. Then he withdrew from the University during the second week of the class sessions. He attended a total of 18 hours of instruction.

Semester tuition for Student A.A.: $\$865 \times 12 \text{ units} = \$10,380$

Student A.A. had paid: $\$10,380 + \$275 \text{ (non-refundable fee)} = \$10,655$

Total hours of instruction: $12 \text{ units} \times 15 \text{ weeks} = 180 \text{ hours}$

Remaining scheduled hours to complete the courses for which he had registered in this semester:

$$180 \text{ hours} - 18 \text{ hours} = 162 \text{ hours}$$

The amount refunded to Student A.A.:

$$\frac{\$10,380 \times 162}{180} = \$9,342$$

Example 2: Student B.B. was a full-time undergraduate student. He had paid only regular tuition and fees and had registered for 12 units. Then he withdrew from the University during the eighth week of the class sessions. He attended a total of 90 hours of instruction.

Semester tuition for Student B.B.: $\$865 \times 12 \text{ units} = \$10,380$

Student B.B. had paid: $\$10,380 + \$275 \text{ (non-refundable fee)} = \$10,655$

Total hours of instruction: $12 \text{ units} \times 15 \text{ weeks} = 180 \text{ hours}$

Remaining scheduled hours to complete the courses for which he had registered this semester:

$$180 \text{ hours} - 90 \text{ hours} = 90 \text{ hours}$$

The amount refunded to Student B.B.:

$$\frac{\$10,380 \times 90}{180} = \$5,190$$

Note 1: The above-mentioned are simplified examples based on a regular semester's tuition rate and fee schedule. **Actual calculations and refund amounts may vary** with the number of units that each student takes in a specific term, as well as with other individual conditions and future changes in the fee schedule and regulations.

Note 2: The following fees are nonrefundable: application fee, registration fee, student ID card fee, late registration fee, returned payment fee, change in registration fee/late fee, change of program fee, deferred payment fee, deferred payment adjustment fee/late payment fee, diploma and transcript fee, diploma replacement fee, commencement ceremony fee, verification letter fee, testing fee, pre-application transcripts evaluation fee, airport pickup fee, housing placement fee, past due balance interest, wire transfer fee, international credit card convenience fee, foreign bank check fee, withdrawal processing fee, and enrollment cancellation fee. Details are in the fee schedule (K).

I. UNPAID BALANCE

Students who have an unpaid balance with the University may not be allowed to register for subsequent terms and may not receive grades.

Students with unpaid balances will not be allowed to register for their final term until the balance is paid in full. Students can apply for a repayment promissory note in the amount of the unpaid balance, which would allow a student to register for courses in the final term. The Chief Financial Officer (CFO) or President determines if the applicant is eligible for a promissory note.

J. CANCELLATION OF COURSE(S) OR DEGREE PROGRAM(S)

If the University cancels or discontinues a course, students will receive a full refund of all tuition and applicable fees for that course. If the University cancels or discontinues a degree program, students will receive a full refund of all tuition and fees for that program (nonrefundable fees included). Refunds will be paid within thirty (30) days from the determination of the last day of class attendance or within thirty (30) days of the date of cancellation or withdrawal.

Example 3: Student C.C. was a full-time undergraduate student. He had paid only regular tuition and fees and had registered for 12 units. One of his 3-unit classes was canceled during the second week of the class sessions. He attended a total of 6 hours of instruction for this canceled course.

Semester tuition for the canceled course, for Student C.C.:

$$\$865 \times 3 \text{ units} = \$2,595$$

The amount refunded to Student C.C.:

The full tuition amount of **\$2,595** for the canceled course would be refunded to Student C.C., no matter how many hours he attended.

Note: If a student is receiving a scholarship, funds must be returned to the appropriate program account(s). The student will receive a refund check only when the refund amount exceeds the balance that she/he owes to the University. The refund distribution will be handled as prescribed by federal and state laws and accrediting body regulations. In case of conflicting laws and/or regulations, federal and/or state laws and regulations will take precedence in that order.

L. GRIEVANCES

All grievances with regard to academic issues should be submitted to the related Department Chair or Program Director (details are in the University's official catalog on page 29). Any questions a student may have regarding this enrollment agreement that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, www.bppe.ca.gov, toll-free telephone number (888) 370-7589 or by fax (916) 263-1897 or may address grievances to the WASC Senior College and University Commission, 1001 Marina Village Parkway, Suite 402, Alameda, CA 94501, tel. 510-748-9001.

A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling (888) 370-7589 toll-free or by completing a complaint form, which can be obtained on the bureau's internet website www.bppe.ca.gov.

M. BODY SAMPLE

Due to the nature of the subjects and the need for practical studies, every student enrolled in the Bachelor of Science in Diagnostic Imaging degree program is supposed to take turns using their bodies as diagnostic samples during lab sessions.

N. EXTERNSHIP REQUIREMENT

Every student enrolled in the Bachelor of Science in Diagnostic Imaging degree program should be able to complete the required units of practicum/externship at medical facilities located within 100 miles of the University.

Students who have registered for an externship course must submit a required complete package to the University's Admissions and Records Office at the end of each externship course (DI 291/295 A and DI 291/295 B). The package consists of:

1. The "Agreement for Internship/Externship" form, **filled out and signed by the student, work supervisor, and the University advisor** as instructed in the form
2. Updated resume
3. Student Performance Evaluation sheet filled out by the University advisor
4. Recommendation letter from the University advisor
5. Externship course attendance sheets which indicate the total externship hours completed, **signed by the University advisor**
6. Externship clinical log with the number of procedures observed and performed.
7. Essay #1: describing externship experience, techniques learned, and overall experience.
8. Essay #2: describing career objectives and future goals

Lack of an externship package or an incomplete externship package in the student file one week after the end of an externship term will result in an incomplete grade ("I") in the student's records. To change the grade, the student has to submit a *Petition for Change of Grade* form and go through the change of grade process described in the official catalog on page 30. Each of the externship courses DI 291/295 A and DI 291/295 B has to be completed in a maximum of one year. If the full required package mentioned above is not submitted to the University's Admissions and Records Office within one year of the course registration, a grade "NC" (no credit) will be recorded, and the student will have to re-register for the same externship course with three (3) units.

O. INDIVIDUAL RESPONSIBILITY

Lincoln University relies upon individual responsibility and the cooperative spirit of the members of our community. The University assumes that our students will follow the standards of maturity, responsibility, and ethics.

The University reserves the right to reject giving a credit, degree, or diploma to students whose dishonesty, violation of the law, or unethical behavior in any form has been confirmed. Any form of dishonesty, irresponsible behavior, or violation of the law will result in punitive action.

The types of action may include **probation**, **suspension**, and **dismissal**. The office of the Admissions and Registrar imposes an academic probation and then a suspension if necessary. The Registrar uses the same punitive actions by a request from an instructor for inappropriate student behavior in class. The Provost or President approves dismissals. All these actions may be appealed by the procedure described on page 29.

P. TUITION AND CHARGES

Estimated charges for tuition, fees, and services that a full-time student is obligated to pay for the BS DI degree program per semester are estimated to be at least \$10,655 (= 12 units × \$865 + fees \$275). It may vary each term.

The total amount of all charges for tuition, fees, and services which the student is obligated to pay for the B.S. degree program over the entire period of study is estimated as follows:

If there is no transfer credit, the total amount of tuition for the B.S. degree program is estimated at \$107,810 (= 92 units × \$865 + 24 units × \$895 + 6 units × \$1,125).

If there are transfer credits, 122 units minus (–) _____ transferred semester units of credit* which are accepted as equivalent equals (=) _____ required semester units of credit in residence for the student. RC. RC may consist of courses at the tuition rate of \$865 per unit; \$895 per unit; and \$1,125 per unit. Details are in the fee schedule (K).

The total amount of tuition plus (+) \$5,150 total estimated fees equals (=) \$112,960 total charges.

*A maximum of 72 educational and 6 externship credit units can be transferred from other educational institutions. DI courses' units can be transferred from diagnostic imaging programs only. Academic credit received ten (10) years or more before the program completion will be deemed "no longer applicable".

TOTAL CHARGES FOR THE CURRENT PERIOD OF ATTENDANCE:

\$ _____ **10,655** _____

ESTIMATED TOTAL CHARGES FOR THE ENTIRE EDUCATIONAL PROGRAM:

\$ _____ **112,960** _____

TOTAL CHARGES THE STUDENT IS OBLIGATED TO PAY UPON ENROLLMENT:

\$ _____ **10,655** _____

NOTICE:

You may assert against the holder of the promissory note you signed to finance the cost of the educational program all of the claims and defenses that you could assert against this institution, up to the amount you have already paid under the promissory note.
